**PROJECT E - TIPPECANOE COUNTY OFFICE BUILDING IMPROVEMENTS**

**Identification and General Description**

The County Office Building was constructed in 1958 as a retail department store and purchased by the Board of Commissioners for use as an office building in the mid 1970's. In 1988 a feasibility study for the Courthouse and County Office Building was conducted by Schmidt Associates Architects and Rutz Engineers. The 1988 study identified the need to upgrade or replace the existing mechanical and electrical systems. The lighting, ventilation and acoustic deficiencies were noted as well as the public accessibility barriers. In 1993, the Board of Commissioners hired Schmidt Associates, Inc. to conduct an updated feasibility study with updated parameters. These parameters included utilizing existing elevators, providing additional public meeting space, improving accessibility, HVAC, lighting, electrical, life safety systems and technological capabilities. In short, to convert TCOB from an old department store to a usable, safe and accessible County Office Building for employees and the public with a usable life span of another forty years.

Total Project Cost (\$5,713,159.50 = \$24,376.50 Health Department remodeling plus \$5,688,783.00 General Tippecanoe County Office Building Renovation) including construction, technological systems, architectural fees, and furniture.

**PROJECT F - 629 OFFICE BUILDING CONVERSION**

**Identification and General Description**

The 629 Office Building is at 629 N. Sixth Street and is the former site of the Tippecanoe County Jail, Sheriff's Department and Sheriff's residence. When the Tippecanoe County Law Enforcement Building and Jail opened in 1990, the county vacated the 629 Building and used it for storage until December of 1991. A study was done in 1990-91 for its conversion to a juvenile detention facility. The conversion estimates were 1.5 to 2 million dollars and current detention standards would not have been met because of the acreage of the site. As the vacant building was subject to vandalism, the Board of Commissioners decided to start using the offices and converting the cell blocks to usable space. Emergency Management moved in December of 1991 from its leased premises to the Sheriff's office wing as a temporary home. In 1993, the Board of Commissioners hired H.L. Mohler & Associates to study the building for future development as an office building. In December of 1993, Emergency Management moved into the former Sheriff's residence, Community Corrections moved in the Sheriff's office wing and Weights and Measures moved into a portion of the cell block area. In February of 1994, the Maintenance Department moved its shop tools, etc. from TCOB to 629 and Veteran Services moved into the former radio room area and a lift to the TEMA office was added for accessibility. The Board of Commissioners entered into a five year lease with the Lafayette Reading Academy since no county departments needed the space to be used in the next five years by the Lafayette Reading Academy. The former juvenile wing was converted to archive space for the county records.

Total Project Cost

\$403,569.30 was spent for cell block removal and office renovation. The funds spent have been Cumulative Capital Funds and General Funds.
